This Metascan Online Plug-In License Agreement ("Agreement") governs use, distribution and installation of the accompanying Software which includes source and binary forms. By installing or copying all or any part of the Software components in this package, you ("You") agree to the terms of this Agreement. Do not install or copy the Software until you have carefully read and agreed to the following terms and conditions of this Agreement. If you do not agree to the terms of this Agreement, do not use the software.

Subject to the disclaimer set forth in Section 3 the accompanying Software provides functionality designed to automate usage of the Metascan Online service located at www.metascan-online.com.

1. Definitions

"Derivative Works" shall mean any software, whether in Source or Object form, that is based on (or derived from) the Software and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this Agreement, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Software and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Software and any modifications or additions to that Software or Derivative Works thereof, that is intentionally submitted to OPSWAT for inclusion in the Software by OPSWAT itself, or by an individual or Legal Entity.

"Contributor" shall mean OPSWAT and any individual or Legal Entity on behalf of whom a Contribution has been received by OPSWAT and subsequently incorporated within the Software.

2. Grant of License

Subject to the terms of this Agreement, OPSWAT and each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except stated in this Section) copyright license to use, reproduce, prepare Derivative Works of, publically display, publically perform, sublicense, and distribute the object or source forms of the Software and such Derivative Works in source or object form. If You institute litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Software or a Derivative Work constitutes direct or contributory infringement of any parties intellectual property rights, then any rights granted to you under this Agreement shall terminate as of the date such litigation is filed.

3. Conditions and Limitations

The Software and Derivative Works provide functionality that automates usage of Metascan Online. Notwithstanding the preceding sentence, unless required by applicable law or agreed to in writing, OPSWAT provides the Software (and each Contributor provides its Contributions) on an "AS IS" BASIS,

WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Software and assume any risks associated with Your exercise of permissions under this Agreement.

This Agreement does not grant permission to use the trade names, trademarks, service marks, or product names of the OPSWAT or a Contributor, except as required for reasonable and customary use in describing the origin of the Software and reproducing the contents of this Agreement.

In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall OPSWAT or any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this Agreement or out of the use or inability to use the Software or any Derivative Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if OPSWAT or such Contributor has been advised of the possibility of such damages.

While redistributing the Software or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of OPSWAT or any other Contributor, and only if You agree to indemnify, defend, and hold OPSWAT and each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

Derivative Works cannot be distributed and/or packed with any other product or service other than Metascan Online without prior written permission of OPSWAT.

Any claim arising under or relating to this Agreement shall be governed by the internal substantive laws of the State of California, without regard to principles of conflict of laws. You may not export the Materials in violation of applicable export laws.
